Fifteenth Minute of Commissioners

Sequencing Questions for Waimakariri and Selwyn District Councils

1. In Table 2 as to Development Sequencing for Greater Christchurch the first column for Christchurch City Council areas and for Rolleston provides ODP Map Notations for the respective sequencing columns that follow. However, for Woodend, Rangiora, Kaiapoi, Lincoln and Prebbleton, no such ODP map notations are provided.
2. The s.32 reports for those areas do not assist in providing those details, although they refer to sequencing and numbers of households are shown in PC1 for different time periods in each area.
3. If the sequencing is intended to relate to ODP areas please provide details as to which ODP areas are proposed to be in which sequence. If not please advise how the household locations in the various sequences are proposed to be identified.

Dated the 9th September.
