**Email address**

**Phone number**

**Postal address**

**I am submitting on behalf of an organisation**

No

**My preferred option to address the under-recovery of costs from resource consent applications is to...**

Other option (please specify) - I agree that cost of consents should be recovered from applicants however they should reflect the scale of what is being applied for. Large proposals should be paying a greater share. Smaller proposals should not have to make up the shortfall. The fees proposed appear to be an overall average which means that larger consent applications may not be paying their fair share.

**Tell us why this is your preferred option**

It is a fairness issue and charges should reflect the required work.

**I wish to speak to Council on my submission**

No

**There is information in my submission I do not want disclosed**

Yes

**Tell us which information should not be disclosed**

I do not want my name and contact details to be publicly available. I am happy that these details are used for the purposes of hearing process and responding to my submission
